

Summer 2021 EJA Fellow:

Name: Aspen Schneider

Law School: Boston University School of Law

Organization: Greater Boston Legal Services

Update 1:

Hi everyone! I am working as a Family Law Intern at Greater Boston Legal Services for Summer 2021. My work includes interviewing and counseling clients about divorces and child custody, drafting pleadings, and preparing cases for hearings and trials. The first two weeks have been demanding and challenging while also rewarding! I love speaking with my clients and seeing how my work helps Boston families.

Update 2:

Hi everyone! I am working as a Family Law Intern at Greater Boston Legal Services for Summer 2021. The past six weeks have allowed me the opportunity to develop both my professional and my interpersonal skills. I love working with my clients and becoming a better lawyer for them every day.

Entry 3:

This week marks my last week as a Family Law Intern at Greater Boston Legal Services! During my time with GBLS, I have learned a lot about litigation and legal aid. Particularly, I have developed greater empathy and interpersonal skills as I have had to navigate difficult conversations and dangerous situations with victims of domestic violence. I will carry these skills forward with me in all of my future endeavors with clients.

EJA makes it possible for students like myself to work in legal aid! Please consider donating at the link below.
