Dear Mr. Ruben:

I am writing to express my thanks and gratitude for your funding of the Equal Justice America Disability Rights Clinic at Pace University Elisabeth Haub School of Law. As an aspiring trusts & estates/ elder care attorney, I found the experience extremely valuable. In the clinic, I had the opportunity to undertake the process of drafting a Last Will and Testament according to the client's wishes and to work with two guardians to modify their guardianships for the benefit of their wards.

With these clients, I was able to conduct interviews, tailor my work to suit their needs and most importantly provide a satisfactory service to meet their needs. This was a new experience for me because I have only ever worked in court administration until now. I would say conclusively that this experience was certainly the most valuable that I have had during my time at Pace. I think any students interested in elder law, estates, health or really anything that deals with the wellbeing of individuals including disabled persons, would have a lot to gain from this clinic. So, thank you for this experience and I hope that other law students may continue to learn from it for many years to come.

Kind regards,
