Dear Mr. Ruben,

I firmly believe that people should be able to pursue justice regardless of their social-economic status. Unfortunately, many people with low incomes do not have sufficient access to the courts. This results in an unfair playing field in the legal system.

One of my long-term goals is to combine both legal services and social work services to provide comprehensive support and empowerment for marginalized populations, thereby advancing social justice. The Summer Equal Justice America Legal Services Fellowships provide unique opportunities to achieve my goals.

As a legal intern at the New York Legal Assistance Group (NYLAG), I have been privileged to witness the incredible impact that NYLAG has on the lives of marginalized individuals and families in NYC.

New York Legal Assistance Group attorneys have provided lots of excellent legal advice for their clients during the intake dates. Witnessing firsthand the tireless efforts of the organization in providing access to justice and empowering vulnerable individuals has been highly inspiring.

As an intern, I have had valuable opportunities to learn from lots of excellent attorneys. I really appreciate their support. I am grateful for the invaluable opportunity to contribute to the pursuit of justice in this dynamic and diverse legal landscape.

Sincerely,

Haoying Wang
