### Final Reflection:

I am extremely grateful for my experience at Open Door Legal. Not only did I learn more than I ever could have imagined about the practice of law and housing law specifically, but I also learned what it takes to work as a team to achieve the best possible outcomes for clients. The housing team at Open Door Legal was kind, patient, passionate, and willing to teach me everything I needed to know to succeed in this internship. During my final week, I was able to submit a full mediation brief to the housing team for review, before they eventually send it to the San Francisco Housing Authority. Additionally, I completed a spreadsheet which outlined detailed case information for all of my supervisor's cases. As I leave this organization, I am encouraged by the work I accomplished with my team, and I am grateful that I was able to make a lasting impact on peoples' lives! Thank you to EJA for making this experience possible for me and so many other law students!
