Subject: ESA Fellowship Evaluation

Dear Katie Toman:

Before we were afforded an opportunity to consider Kaeleen as an intern, our family law unit had just experienced the worst year in finding reliable legal interns. However, as the summer comes to an end, I am pleased that you afforded us this Fellow and that we accepted the opportunity.

Kaeleen's duties were to:

- a) Prepare victims of domestic violence for their protection from abuse hearings;
- b) Negotiate with opposing counsel or pro se defendants;
- c) Conciliate the matter with the Judge and;
- d) Litigate the hearings.

In addition to the domestic violence cases, Kaeleen competently defended custody motions and handled custody conciliations.

As an intern Kaeleen has had to multitask multiple cases until the job was done. She has been responsible, reliable and never wavered to take the most challenging cases. I would be remiss if I did not mention how appreciative her clients were for her professional and understanding demeanor.

I would summarize to say that Kaeleen has been an excellent student to mentor and eager to learn. When we initially interviewed Kaeleen for the position, it was over the phone . . . sight unseen. Although I was leery about hiring a student in that

manner, she has proven to be the best “blind date” that we could have hired. She has represented your fellowship well.

If you have any further questions or concerns, please do not hesitate to contact me.
