

Summer 2019 EJA Fellow:

Name: Martin Schreiber-Stainthorp

Law School: Chicago-Kent

Internship: CALA

Entry 1: 6/25/19

This summer I have the privilege of working with great lawyers, activists, and community leaders at Community Activism Law Alliance - CALA, and with two of their great community partner organizations: Enlace and Centro de Trabajadores Unidos. Looking forward to a summer devoted to defending immigrant and worker's rights.

Entry 2: 7/12/19

With the threat of ICE raids in Chicago this weekend I am proud to be marching tomorrow for immigrant rights with my colleagues at Community Activism Law Alliance and with other great organizations and activists from around the city.

Entry 3: 7/26/19

Attended a great event yesterday hosted by community partner Arise Chicago. We held a press conference afterwards to announce that the hundreds of thousands of "No Match" letters being sent out by SSA are an attack on working people and that employers should not discipline workers who receive these letters.

Entry 4: 8/16/19

On the last day of my summer internship with CALA I am very grateful for having had the opportunity to work with such amazing lawyers, activists, and community leaders who are leading and supporting fights for immigrant and worker's rights and social justice. Thanks to Equal Justice America for supporting my work this summer and please consider supporting EJA.
