

Summer 2021 EJA Fellow:

Name: Isaelly Escarcega

Law School: Northeastern University School of Law

Organization: KIND Newark

Update 1:

Working as an intern that is fully remote comes with some challenges, but KIND has made the process as seamless as possible. The training has been so extensive, and I feel like I am getting all the information I would get in a law school classroom, but I have to put it to use right away.

Update 2:

Working at Kind has shown me a diverse set of clients that I would never have come across if it wasn't for this internship. Working with children has its own unique set of challenges but being able to provide them with some sort of assistance makes everything all worth it.

Update 3:

Beginning this internship, I was so excited and eager to learn anything and everything about immigration. In my time at KIND I have learned more than I even thought possible. I have been able to work closely with clients, something I really wanted to do going on co-op, and use my skill set to try and aid them any way possible.

Entry 4:

Time really does fly when you're having fun! I have learned so much during this time with KIND and they really are kind. Through all the trials and tribulations that comes with being a fully remote intern, I still felt like part of the team. Most importantly I feel like I really made a difference to the clients I have served.
